Dr. Werner Hochwald
Washington University
Department of Economics
St. Louis 30, Missouri

Dear Dr. Hochwald:

I am flattered by your interest in my availability for an appointment at Washington University, but I have no immediate expectations of leaving my present position at RAND. I appreciate the offer, of course, and I was interested in the facts you presented with respect to Washington University.

Let me congratulate you in particular upon your new chairman of the Department of Economics, Harold J. Barnett; I am sure that you can anticipate successful development of your department under his chairmanship.

Yours sincerely,

Daniel Ellsberg
Economics Department
